

Teufelsbach Wasserfall

Silbertal 899m. - Forest road towards Innere Silbertal - Teufelsbach waterfall 1000m. - Back over metalled road towards Silbertal

Starting point: Parkingspace at the Kristbergbahn (cable railway), Silbertal 899m. [Schruns - Montafon].

Total time: about 1 hour.

Difficulties: Forest roads, little height difference. Well marked with signposts.

Rating: *

Why worthy?: Restful tour on wide roads through a valley. Beautiful waterfall.

ROUTE DESCRIPTION:

From the large parking space we walk towards the river the *Litz*. We cross this river using a wooden pedestrian bridge. Then we go left following the sign: *Teufelsbach Wasserfall*. Past a football field we come to a broad sandy road (at our left there's another bridge and another parking space). Here we go right and after a few hundred metres we see a roadsign "*Forststrasse*" (= forest road). We follow this forest road for about 20 - 25 minutes to the Teufelsbach waterfall.

Past the waterfall we walk about 150 metres until we come to a junction. Here we go left over the bridge. Now we walk back to *Silbertal* on the other side of the river. Past the second parking space we get back to the large parking space at the *Kristbergbahn*.

My girlfriend and I made this tour during the summer of 2002

Difficulties:

* = Moderately easy tour (also perfect for a late afternoon walk). 2 hours max.

** = With some physical condition, no difficulties. From 1 to 3 hours max.

*** = Average tour, a moderately, good physical condition is needed! 2 till 4 hours max.

**** = Difficult tour. Sometimes you have to use your hands to climb (not all the way, just some parts). Between 3 and 6 hours.

***** = Very difficult tour. Here you're at the boundary of 'real' mountaineering. The 'climbing factor' takes the overhand. Mostly between 5 and 7 hours.

ps: some tours can be different than these ratings (like: a ** tour, with a duration of only 2 hours).***
